Supplementary Information:
Title: Request for Special Priorities Assistance.
OMB Control Number: 0560–0280.
Expiration Date of Approval: April 30, 2022.
Type of Request: Extension of a currently approved information collection.
Abstract: APAS would efficiently place priority ratings on contracts or orders of agriculture commodities up through the wholesale levels, agriculture production equipment, allocate resources, and handle food claims within its authority as specified in the Defense Production Act (DPA) of 1950, as amended, when necessary to promote national defense. It was determined that food is a scarce and critical commodity essential to the national defense (including civil emergency preparedness and response). Unless its production, processing, storage, and wholesale distribution are regulated during times of emergencies, the national defense requirement for food and food production may not be met without creating hardship in the civilian marketplace. Applicants (Government agencies or private individuals with a role in emergency preparedness, response, and recovery functions) request authorization from USDA to place a rating on a contract for items to support national defense activities. USDA Form AD–2102 can be found by the public at https://forms.sc.egov.usda.gov/eForms. Applicants must supply, at the time of request, their name, location, contact information, items for which the applicant is requesting assistance on, quantity, and delivery date. Applicants can submit the request by mail or fax. There are no changes to the burden hours since the last OMB approval.

For the following estimated total annual burden on respondents, the formula used to calculate the total burden hour is the estimated average time per response multiplied by the estimated total annual responses.

Estimate of Respondent Burden: Public reporting burden for the information collection is estimated to average 30 minutes (0.50) per response.

Respondents: Individuals, businesses, and agencies with responsibilities for emergency preparedness and response.
Estimated Annual Number of Respondents: 50.
Estimated Number of Responses per Respondent: 1.
Estimated Total Annual Responses: 50.
Estimated Average Time per Response: 0.5 hours.

The rates take effect January 1, 2022.

Sponsors receive reimbursement that is determined by the number of reimbursable meals served, multiplied by the combined rates for food service operations and administration. However, the combined rate is based on separate operating and administrative rates of reimbursement, each of which is adjusted differently for inflation.

**Calculation of Rates**

The combined rates are constructed from individually authorized operating and administrative reimbursements. Simplified procedures provide flexibility, enabling sponsors to manage their reimbursements to pay for any allowable cost, regardless of the cost category. Sponsors remain responsible, however, for ensuring proper administration of the Program, while providing the best possible nutrition benefit to children.

The operating and administrative rates are calculated separately. However, the calculations of adjustments for both cost categories are based on the same set of changes in the Food Away from Home series of the Consumer Price Index for All Urban Consumers, published by the Bureau of Labor Statistics of the United States Department of Labor. They represent a 5.8 percent increase in this series for the 12-month period, from November 2020 through November 2021 (from 298.253 in November 2020 to 315.481 in November 2021).

**Table of 2022 Reimbursement Rates**

Presentation of the 2022 maximum per meal rates for meals served to children in SFSP combines the results from the calculations of operational and administrative payments, which are further explained in this notice. The total amount of payments to State agencies for disbursement to SFSP sponsors will be based upon these adjusted combined rates and the number of meals of each type served. These adjusted rates will be in effect from January 1, 2022 through December 31, 2022.

Administrative Rates

The administrative cost component of the reimbursement is authorized under section 13(b)(3) of the NSLA, 42 U.S.C. 1761(b)(3). Rates are higher for sponsors of sites located in rural areas and for “self-prep” sponsors that prepare their own meals at the SFSP site or at a central facility instead of purchasing them from vendors. The administrative portion of SFSP rates are adjusted, either up or down, to the nearest quarter-cent.
